

3rd annual international conference

SUSTAINABILITY IN ARCHITECTURE AND CONSTRUCTION

Main Theme: Innovations in sustainable architecture

The conference is under the auspices of the Minister of Construction SR Ján Počiatek

Date of the conference: 25th of April 2013

Place: Congress Hall of SLSP, Tomášikova street., Bratislava

Guarantors of Conference:

Robert Špaček, Faculty of Architecture, Slovak University of Technology Bratislava

Dušan Petráš, Faculty of Civil Engineering, Slovak University of Technology Bratislava

Program of Conference:

8.15 – 9.00 hod. : registration of participants

1. PANEL:

09.00 – 09.20 hod.: **Prof. Ing. arch. Robert Špaček, CSc.**
Faculty of Architecture, Slovak University of Technology Bratislava
Innovations in sustainable architecture

09.20 – 09.40 hod.: **Ing. A. Ohradzanská, MDVRR SR**
New legislation and technical regulations for energy efficient buildings

09.40 – 10.00 hod.: **Ing. Peter Bohuš, e- Dome**
Sustainability and energy efficiency in buildings in terms of practice

10.00 – 10.10 hod.: **discussion**

10.10 – 10.25 hod.: coffee break

2. PANEL:

10.25 – 11.15 hod.: **Roddy Langmuir, architect, Cullinan studio, London**
Sustainable projects of Cullinan studio

11.15 – 12.00 hod.: **Ing. arch. Ivan Kubík, ateliér Ivan Kubík**
Project Centrál (silver LEED certificate)

12.00 – 12.50 hod.: **Ing. arch. Ladislav Nagy, CEPM**
Project Business Fórum Bratislava

12.50 – 13.00 hod.: **discussion**
